WELCOME!

STEP OUTSIDE AND DISCOVER NEW BRUNSWICK'S NATURAL SPACES

For over **32 years**, **The Nature Trust of New Brunswick** has been protecting and stewarding wild spaces throughout the province and engaging with the public about the importance of conservation.

This year, we invite you to join us and discover the beautiful and diverse natural spaces we protect with our **first edition** of the **Passport to Nature**, which features **40 events** held throughout the seasons at **over 20 of our conserved properties**. With experienced guides and Nature Trust volunteers, you will be led through a fully immersed experience of New Brunswick nature.

We acknowledge that our events will take place on the traditional territories of the Mi'gmaq, Wolastoqey and Peskotomuhkati First Nations.

This Passport to Nature has been created with you in mind, whether you are a seasoned outdoor adventurer, a nature appreciator, new to outdoor adventures, or a family looking to enjoy the outdoors together. We have a variety of events for you to choose from, from unique volunteer opportunities, to gentle excursions, to paddles down the Wolastoq (Saint John) River, and more.

The creation and implementation of this Passport to Nature would not be possible without the support of the **Alcool NB Liquor Community Foundation**. We thank them for all of their support.

Most events will run rain or shine, however, some may be cancelled or moved to a rain date. Sign up for our monthly "Nature News" e-newsletter or follow us on Facebook, Twitter, and Instagram to stay up to date with the latest event information.

We look forward to experiencing New Brunswick's beautiful natural heritage with you!

YOURS IN CONSERVATION,
THE NATURE TRUST OF NEW BRUNSWICK

MAKE YOUR MARK

COLLECT STAMPS AT EACH EVENT TO
WIN ONE OF THREE PRIZE PACKS!

The more events that you attend, the better your chances of winning one of our three grand prizes are! Here's how to win:

1. Bring your passport to the Nature Trust events that you attend throughout the year;

2. Collect five or more stamps on your passport to be eligible for the Grand Prize draws;

3. Once you have finished collecting stamps for your passport, **mail or bring your stamp page** to the Nature Trust office, or **take a picture** of the stamp page to enter;

4. If taking a picture of your stamp page, **send your photo** to **cheyenne.currie@ntnb.org**.

GRAND PRIZE DRAWS:

NATURE LOVER (5 STAMPS OR MORE)

$15 gift card from Alcool NB Liquor and a Nature Trust Passport to Nature t-shirt; ***(Five winners will be selected)***

NATURE ENTHUSIAST (10 STAMPS OR MORE)

$25 gift card from Alcool NB Liquor, Nature Trust Passport to Nature t-shirt and swag; ***(Three winners will be selected)***

NATURE EXPERT (15 STAMPS OR MORE)

$50 gift card from Alcool NB Liquor, Nature Trust t-shirt and swag, and **one (1) private excursion**, led by a Nature Trust expert, of a local nature preserve in your area for up to **15 people**. ***(One winner will be selected)***

Submissions for the grand prize draws will be accepted until **midnight on March 31, 2020**. We will draw for each prize pack in **early April 2020** once the passport is complete.

STAMP PAGE

This passport belongs to: _____

If drawn to win, I can be contacted at: _____

Contest is open to anyone aged 19 years or older. If a potential winner cannot be contacted* **within five (5) business days *after the first attempt to contact such potential winner, an alternate entrant will be selected in his or her place at random from all of the remaining eligible entries.*

HOW TO SUBMIT YOUR STAMP PAGE

Email: cheyenne.currie@ntnb.org
Mail: Nature Trust of New Brunswick, P.O. Box 603, Stn. A, Fredericton, NB E3B 5A6
Bring to: 649 Queen St., 2nd Floor, Fredericton, NB E3B 1C3

HOW TO GET THE MOST OUT OF YOUR PASSPORT

Assess the Difficulty Level:

- **ALL LEVELS, KID FRIENDLY**: No stress, at your own pace;
- **MODERATE:** Off the paved path and onto the rocky trail. Be prepared for rough terrain, thick brush, slopes, roots, and rocks;
- **HARD:** Some previous skill or certification may be required.

Register with us when you have found your adventure, as events can fill up quickly!

Don't forget to pack! What to bring is listed in each event for your convenience.

Make your mark! Get your Passport stamped at each event that you attend to be eligible to win **one of three (3) grand prizes.**

Share your photos or video with us by tagging the Nature Trust and Alcool NB Liquor (ANBL) or by using the hashtag **#PassporttoNatureNB.**

Sign up to become a member of the Nature Trust and help to protect **natural spaces** and **wildlife** in New Brunswick (see page 83 for more information).

ABOUT THE NATURE TRUST:

The Nature Trust of New Brunswick is a charitable land conservation organization that protects **8000+ acres** of private, ecologically significant land across the province in **62 nature preserves**.

The Nature Trust protects these lands with the help of **volunteers, partners,** and **community groups** and **engages with New Brunswickers**, like you, about why conserving land and biodiversity in our province is important.

NATURE TRUST of NEW BRUNSWICK

Fondation pour la PROTECTION DES SITES NATURELS du NOUVEAU-BRUNSWICK

MAY

WELLNESS HIKE

SUNDAY, MAY 19, 2019
9:00 A.M. TO 12:00 P.M.

LOCATION: Caughey-Taylor Nature Preserve, Bocabec
COST: Free or "pay as you will" donation
DIFFICULTY LEVEL: All levels, kid-friendly

Join us at our **Passport to Nature kickoff event**, which features a guided, interpretive hike at Caughey-Taylor. Explore the beauty of Sam Orr's pond, created over 30,000 years ago from glacial movements, and learn about the unique, tidal ecosystems that the nature preserve protects. We will stop along the beautiful beach area and the several lookouts along the way. This preserve is picturesque, so don't forget to pack your camera.

PARTICIPANTS SHOULD BRING:

- Appropriate clothing for the weather;
- Closed toed shoes or hiking boots;
- Water and snacks;
- Sunscreen and DEET free insect repellent;
- Camera (optional).

Space is limited, so please register in advance by visiting: **www.naturetrust.nb.ca.**

HOW TO GET HERE:

The parking lot for Caughey-Taylor is located near **5205 Route 127, Bocabec NB, E5B 3H4**. From St. Andrews take **Route 127 NB for 9.8km**. The parking lot will be located on the left side of the road (look for the parking sign).

ABOUT THE PRESERVE:

The **Caughey-Taylor Nature Preserve** protects approximately 600 acres of biologically rich and diverse coastal habitat. This preserve encompasses the famous Sam Orr's Pond, a brackish pond created from glacial movements, and is home to many rare plants and animals found nowhere else in the region.

The hills surrounding Sam Orr's Pond contain a **mixed-wood forest** and the surrounding marsh supports populations of grasses and marsh plants.

BIRD ID WORKSHOP

SATURDAY, MAY 25, 2019
7:30 A.M. TO 11:00 A.M.

LOCATION: Odell Park, Fredericton
COST: Free
DIFFICULTY LEVEL: All levels, kid-friendly

We are seeking volunteers to assist in bird surveys on our network of nature preserves. Outdoor enthusiasts of all levels are invited to join this training opportunity, held by friends of the Nature Trust, experienced ornithologist Dorothy Diamond and the Fredericton Nature Club. This session will include an in-class portion as well as a walk around Odell Park to put the training into use and to identify the park's bird biodiversity.

PARTICIPANTS SHOULD BRING:

- Appropriate clothing for the weather;
- Closed toed shoes;
- Binoculars;
- Bird Field Guide, notebook, and pencil or pen (optional).

All are welcome and encouraged to attend. Space is limited, so please register in advance by visiting: **www.naturetrust.nb.ca.**

HOW TO GET HERE:

Odell Park is located at **370 Rookwood Ave, Fredericton, NB E3B 2M6**. Participants are asked to park in the parking lot and meet the Nature Trust staff and volunteers at the Odell Park lodge entrance.

ABOUT ODELL PARK:

One of Canada's Best Old Growth Forests, **Odell Park** is a 432 acre, year-round park within the heart of Fredericton.

There are 16 km of trails winding their way through a varied forest. Some of the trees in the park are **more than 400 years old**.

(Text and Photo: Fredericton Tourism Website)

BOUNDARY MONITORING WORKSHOP

MAY 2019, TIME: **TBD**

LOCATION: Armstrong Woods Nature Preserve, Perth-Andover
COST: Free
DIFFICULTY LEVEL: Moderate

Join our stewardship team at our newly acquired property, the Armstrong Woods Nature Preserve, for a boundary monitoring workshop. Participants will learn how to use a map and compass to locate the boundary lines of the property, proper techniques for finding old boundary evidence, and how to update current boundary markings. **No previous experience is necessary.**

PARTICIPANTS SHOULD BRING:

- Appropriate clothing for the weather;
- Closed toed shoes or hiking boots;
- Water and snacks;
- Sunscreen and DEET free insect repellent;
- Compass and notebook (optional).

Space is limited, so please register in advance by visiting: **www.naturetrust.nb.ca.**

HOW TO GET HERE:

More details to come. The meeting location of the boundary monitoring workshop at the Armstrong Woods Nature Preserve will be given to participants upon registration.

ABOUT THE PRESERVE:

The **Armstrong Woods Nature Preserve** protects 130 acres of hillside, east of Perth-Andover, on the eastern side of the Wolastoq (Saint John) River. Deep valleys of old hardwoods and red spruce found on the preserve protect Larlee Creek and support abundant wildlife habitat for numerous forest birds.

Armstrong Woods has great potential to become an **old-growth Acadian hardwood forest** over time.

JUNE

INVASIVE SPECIES REMOVAL

WEDNESDAY, JUNE 12, 2019
5:00 P.M. TO 7:00 P.M.

LOCATION: Blueberry Hill Nature Preserve, Grand Bay-Westfield
COST: Free
DIFFICULTY LEVEL: Moderate, kid-friendly **(ages 10+)**

Join the Friends of Blueberry Hill Stewardship Group for a stewardship work day at the beautiful Blueberry Hill Nature Preserve. We will be working to remove Woodland Angelica to protect the native wildlife that inhabits this preserve. There will also be a special announcement regarding a new Nature Trust property in the Saint John area.

PARTICIPANTS SHOULD BRING:

- Appropriate clothing for the weather;
- Closed toed shoes or hiking boots;
- Water and snacks;
- Sunscreen and DEET free insect repellent;
- Work gloves, loppers for trail maintenance, notebook (optional).

Space is limited, so please register in advance by visiting: **www.naturetrust.nb.ca.**

HOW TO GET HERE:

The parking area for the Blueberry Hill Nature Preserve is located at **3700 Westfield Road, Grand Bay-Westfield, NB E2M 7T4** and can be accessed from Bayview Road.

ABOUT THE PRESERVE:

The **Blueberry Hill Nature Preserve** is located within the Saint John city limits. This nature preserve is over 48 acres and has an easterly shoreline along the Wolastoq (Saint John) River at Grand Bay.

This nature preserve is one of the last undeveloped properties in the area and supports a variety of ecosystems, including a **large wetland** and **mature forest**, as well as walking trails.

FROG WALK GUIDE TRAINING

THURSDAY, JUNE 20, 2019
7:00 P.M. TO 9:00 P.M.

LOCATION: Hyla Park Nature Preserve, Fredericton
COST: Free
DIFFICULTY LEVEL: All levels, kid-friendly

We are looking for volunteers to lead Frog Walks at Hyla Park. Frog Walk Guides lead visitors of all ages through the protected wetland and teach them about the wildlife that call the preserve home. **No previous nature interpretation skills are required.**

Due to the sensitivity of the several amphibian species found at Hyla Park, we ask that participants who wish to handle the amphibians to please avoid wearing sunscreen and insect repellant.

PARTICIPANTS SHOULD BRING:

- Rubber boots or hip waders;
- Water;
- Bug net;
- Notebook and pencil or pen (optional).

Space is limited, so please register in advance by visiting: **www.naturetrust.nb.ca.**

HOW TO GET HERE:

Hyla Park is accessible by car and by the Fredericton trail system. If driving, the preserve's gravel parking lot is located behind the Greenwood Drive United Baptist Church at **150 Greenwood Drive Fredericton, NB E3A 3V5**.

ABOUT THE PRESERVE:

The **Hyla Park Nature Preserve** protects 19 acres of wetlands and ponds that vary in size within the boundaries of the City of Fredericton. It is home to over **seven** different species of frog , **one** species of toad, **two** species of salamander, and **one** species of newt.

The preserve hosts **three** species of provincially rare plants and is the North-eastern limit of distribution for the **gray tree frog** *(Hyla versicolor)*. Hyla Park is leased to the Nature Trust through an agreement with the City of Fredericton.

BIOBLITZ AT MCWAID LAKE

SATURDAY, JUNE 22, 2019
4:00 P.M. TO 6:30 P.M.

LOCATION: McWaid Lake Nature Preserve, Lakeville
COST: Free or "pay as you will" donation
DIFFICULTY LEVEL: All levels, kid-friendly

Join our staff, volunteers, and experts from across the province to identify the flora and fauna found on the McWaid Lake Nature Preserve, which has been chosen for the **2019 New Brunswick BioBlitz**. We encourage nature enthusiasts of all levels to come and learn about the species found on the preserve and to try out your identification skills.

This event will also serve as the **grand opening** of this preserve.

PARTICIPANTS SHOULD BRING:

- Appropriate clothing for the weather;
- Waterproof hiking boots or rubber boots;
- Water and snacks;
- Sunscreen and DEET free insect repellent;
- Field guide, notebook, and pencil or pen (optional).

Space is limited, so please register in advance by visiting: **www.naturetrust.nb.ca.**

HOW TO GET HERE:

More details to come. The meeting location of the BioBlitz at the McWaid Lake Nature Preserve will be given to participants upon registration.

ABOUT THE PRESERVE:

The **McWaid Lake Nature Preserve** conserves 260 acres of cedar wetlands, with portions of old tolerant hardwood forest uplands and regenerating forest, in Carleton County. The property features a small lake and a rich **forested wetland** complex which drains into the larger McWaid Lake.

These habitats support a variety of rare plant communities, waterfowl, and other wildlife.

STAND UP PADDLE BOARDING

WEDNESDAY, JUNE 26, 2019
4:30 P.M. TO 6:30 P.M.

LOCATION: Sugar Island Nature Preserve, Fredericton
COST: $35 *(equipment rental and donation to the Nature Trust)*
DIFFICULTY LEVEL: Moderate, kid-friendly **(ages 12+)**

Stand-Up Paddle board down the Wolastoq (Saint John) River with our staff and our partners at Second Nature Outdoors. We will paddle by our Sugar Island Nature Preserve and will also stop along one of the river's other beautiful islands. This paddle will be leisurely and a great way to wind down and enjoy a summer's evening.

Previous experience paddle boarding is recommended, but not required.

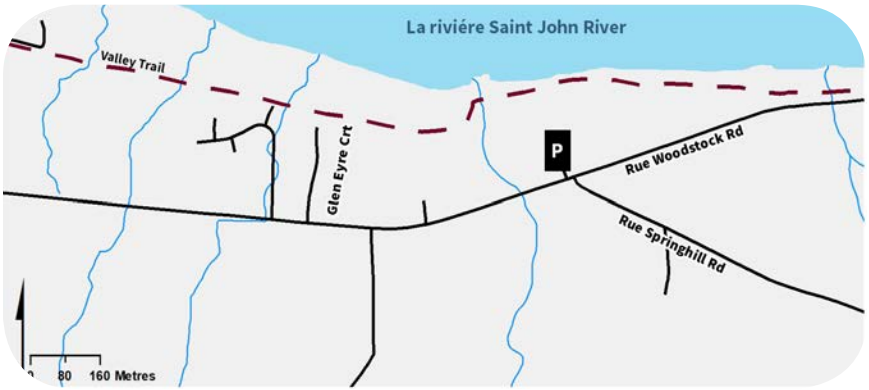
PARTICIPANTS SHOULD BRING:

- Water;
- Sunscreen and DEET free insect repellent;
- Dry bag.

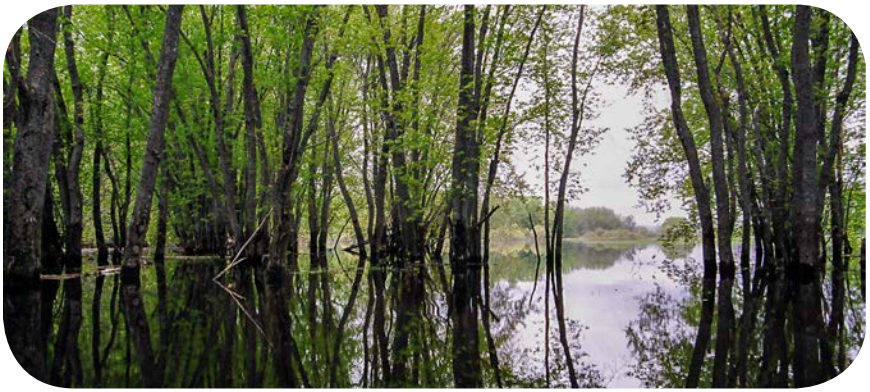
Space is limited, so please register in advance by visiting: **www.naturetrust.nb.ca.**

HOW TO GET HERE:

We will be launching our paddle boards at the Hartt Island Resort boat launch which is located at **2475 Woodstock Road, Fredericton, NB E3C 1P6**. The launch is located at the back of the resort, towards the river.



ABOUT THE PRESERVE:



The **Sugar Island Nature Preserve** is approximately 20 acres and is located at the eastern end of Sugar Island. Sugar Island, one of the Keswick Islands, is a floodplain island, which means it is subject to the Wolastoq (Saint John) River's flooding every Spring.

This makes it home to **unique floodplain** and **prairie-type flora and fauna**, as well as **rare plants**.

FROG WALKS AT HYLA PARK

THURSDAY, JUNE 27, 2019
7:00 P.M. TO 8:00 P.M.

LOCATION: Hyla Park Nature Preserve, Fredericton
COST: Free or "pay as you will" donation
DIFFICULTY LEVEL: All levels, kid-friendly

Back by popular demand, our Hyla Park Frog Walks will begin in late June. Bring your rubber boots and a sense of wonder as we discover why over **nine** different species of amphibians and other wildlife call this nature preserve home.

Due to the sensitivity of the several amphibian species found at Hyla Park, we ask participants who wish to handle the amphibians to please avoid wearing sunscreen and insect repellant.

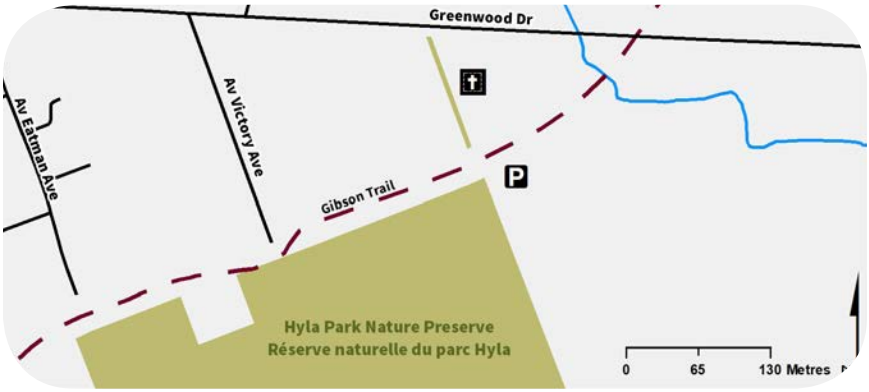
PARTICIPANTS SHOULD BRING:

- Rubber boots;
- Water;
- Bug net (optional).

All are welcome and encouraged to attend! Space is limited, so register in advance by contacting our Engagement Assistant at **engage@ntnb.org.**

HOW TO GET HERE:

Hyla Park is accessible by car and by the Fredericton trail system. If driving, the preserve's gravel parking lot is located behind the Greenwood Drive United Baptist Church at **150 Greenwood Drive Fredericton, NB E3A 3V5**.



ABOUT THE PRESERVE:

The **Hyla Park Nature Preserve** protects 19 acres of wetlands and ponds that vary in size within the boundaries of the City of Fredericton. It is home to over **seven** different species of frog , **one** species of toad, **two** species of salamander, and **one** species of newt.

The preserve hosts **three** species of provincially rate plants and is the north-eastern limit of distribution for the **gray tree frog** *(Hyla versicolor)*. Hyla Park is leased to the Nature Trust through an agreement with the City of Fredericton.

ORCHID WALK

SATURDAY, JUNE 29, 2019
10:00 A.M. TO 3:00 P.M.

LOCATION: Shea Lake Nature Preserve, Plaster Rock
COST: Free or "pay as you will" donation
DIFFICULTY LEVEL: Moderate, kid-friendly **(ages 10+)**

Join esteemed naturalists and Nature Trust stewards as we travel to the Shea Lake Nature Preserve to observe and learn about the numerous species of orchids that make their home on the preserve.

The difficulty level for this event is moderate, as there are no paved paths on the preserve, and will require some bushwhacking.

PARTICIPANTS SHOULD BRING:

- Hiking boots or rubber boots;
- Appropriate clothing for the weather;
- Water, lunch, and snacks;
- Sunscreen and DEET free insect repellent;
- Field guide, notebook and pencil or pen, camera (optional).

Space is limited, so please register in advance by visiting: **www.naturetrust.nb.ca.**

HOW TO GET HERE:

More details to come. The meeting location of the Orchid Walk at the Shea Lake Nature Preserve will be given to participants upon registration.

ABOUT THE PRESERVE:

The **Shea Lake Nature Preserve** was the first conserved property acquired by the Nature Trust, back in 1988. With over **17 species of orchid** as well as other rare plants, this property is an ecologically rich site comprised of fen and bog ecosystems.

There are very few areas in New Brunswick that can be found with such a rich variety of **rare plant species**.

FROG WALKS AT HYLA PARK

THURSDAY, JULY **4**,**11**,**18**,**25**, 2019
7:00 P.M. TO 8:00 P.M.

LOCATION: Hyla Park Nature Preserve, Fredericton
COST: Free or "pay as you will" donation
DIFFICULTY LEVEL: All levels, kid-friendly

Join us as we learn about the several amphibian species and wildlife that call Hyla Park home. Frog walks allow the respectful study of amphibians and their habitats, while also allowing for the exploration of the wetlands and all other biodiversity found there.

Due to the sensitivity of the several amphibian species found at Hyla Park, we ask that participants who wish to handle the amphibians to please avoid wearing sunscreen and insect repellant.

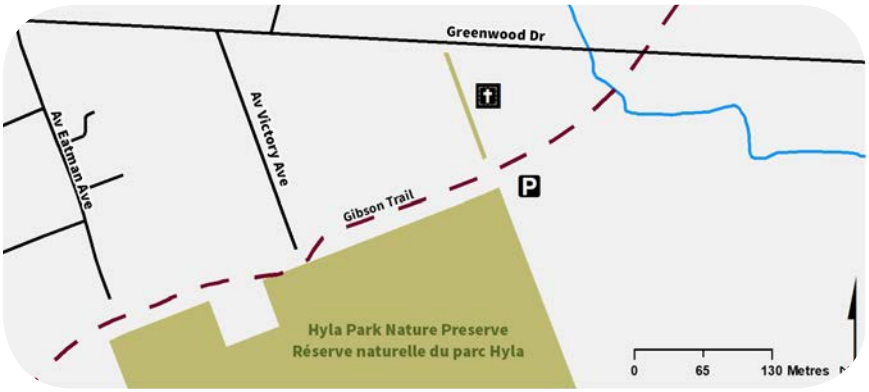
PARTICIPANTS SHOULD BRING:

- Rubber boots;
- Water;
- Bug net (optional);

All are welcome and encouraged to attend! Space is limited, so please register in advance by contacting our Engagement Assistant at **engage@ntnb.org.**

HOW TO GET HERE:

Hyla Park is accessible by car and by the Fredericton trail system. If driving, the preserve's gravel parking lot is located behind the Greenwood Drive United Baptist Church at **150 Greenwood Drive Fredericton, NB E3A 3V5**.



ABOUT THE PRESERVE:

The **Hyla Park Nature Preserve** protects 19 acres of wetlands and ponds that vary in size within the boundaries of the City of Fredericton. It is home to over **seven** different species of frog , **one** species of toad, **two** species of salamander, and **one** species of newt.

The preserve hosts **three** species of provincially rate plants and is the north-eastern limit of distribution for the **gray tree frog** *(Hyla versicolor)*. Hyla Park is leased to the Nature Trust through an agreement with the City of Fredericton.

INVASIVE SPECIES REMOVAL

MONDAY, JULY 8, 2019
5:00 P.M. TO 7:00 P.M.

LOCATION: Sea Dog Cove Nature Preserve, Summerville
COST: Free
DIFFICULTY LEVEL: Moderate, kid-friendly **(ages 10+)**

Join our stewards and staff and help us remove invasive species from the Sea Dog Cove Nature Preserve. We will be working to remove Woodland Angelica, in order to protect the native wildlife that inhabits this preserve. While you're visiting, be sure to check out the stunning lookouts along the Sea Dog Cove trail.

PARTICIPANTS SHOULD BRING:

- Appropriate work clothing;
- Closed toed shoes or hiking boots;
- Water and snacks;
- Sunscreen and DEET free insect repellent;
- Tools for invasive removal (optional).

All are welcome to attend! Space is limited, so please register in advance by visiting: **www.naturetrust.nb.ca.**

HOW TO GET HERE:

Participants can access the Invasive Species Removal event by parking along the road, near **33 Summerville Road, Summerville, NB, E5S 1G4.**

ABOUT THE PRESERVE:

The **Sea Dog Cove Nature Preserve** protects 74 acres that spans the width of the Kingston Peninsula, with frontage on the Kennebecasis River on both ends. The preserve provides habitat for a variety of migratory birds including species of **duck, goose, loon,** and **great blue heron**.

Its surrounding waters are host to schools of **banded killifish** and **harbour seals**. It is also often visited by the peregrine falcon, a species at risk in New Brunswick.

INVASIVE SPECIES REMOVAL

FRIDAY, JULY 12, 2019
9:00 A.M. TO 12:00 P.M.

LOCATION: Butternut Island Nature Preserve, Nashwaak Bridge
COST: Free
DIFFICULTY LEVEL: Moderate, kid-friendly **(ages 10+)**

Join our staff on a trip to the Butternut Island Nature Preserve and help us remove the invasive Japanese knotweed to protect the native wildlife that inhabits this preserve. The stewardship pillar of our organization focuses on the maintenance and care of our preserves and we need your help to maintain the ecological integrity of this protected area.

PARTICIPANTS SHOULD BRING:

- Appropriate work clothing and work gloves;
- Closed toed shoes or hiking boots;
- Water and snacks;
- Sunscreen and DEET free insect repellent;
- Tools for invasive removal (optional).

Space is limited, so please register in advance by visiting: **www.naturetrust.nb.ca.**

HOW TO GET HERE:

More details to come. The meeting location of the Invasive Species Removal at the Butternut Island Nature Preserve will be given to participants upon registration.

ABOUT THE PRESERVE:

The **Butternut Island Nature Preserve** consists of 6 acres and is found on the Nashwaak River, just above Taymouth.

This preserve consists of rich alluvial floodplain habitat, with a small wetland and a dominant stand of **endangered butternut trees**, as well as an ostrich fern and wood nettle understory. This particular substrate provides **critical habitat** necessary for the survival of another **species at risk** in New Brunswick.

UPPER WOLASTOQ RIVER PADDLE

SATURDAY, JULY 27, 2019

TIME: **TBD**

LOCATION: Eagle's Eye and Green Island Nature Preserve, Florenceville-Bristol
COST: Free or "pay as you will" donation
DIFFICULTY LEVEL: Moderate, kid-friendly **(ages 10+)**

Join local stewards for a paddle to two of our island nature preserves located in the Florenceville-Bristol area on the Upper Wolastoq (Saint John) River to check on the health of the islands. Participants are responsible for their own transportation and PFD. **Canoes and kayaks can be rented from Riverview Outfitters for the excursion.**

There is poison ivy on some of the islands. Please wear closed toed shoes, socks and long sleeves when venturing into the wooded areas.

PARTICIPANTS SHOULD BRING:

- Transportation (canoe or kayak), PFD, and dry bag;
- Appropriate clothing for the weather and conditions;
- Water and snacks;
- Sunscreen and DEET free insect repellent.

Space is limited, so please register in advance by visiting: **www.naturetrust.nb.ca.**

HOW TO GET HERE:

Participants will be meeting at the gazebo at Riverside Park, located at **9173 Main Street, Florenceville-Bristol, NB E7L 2Y3**, in order to launch off.

ABOUT THE PRESERVE:

The **Eagle's Eye Nature Preserve** protects over 31 acres of wetland and forested land on the Lower Presque Isle Island in the middle of the Wolastoq (Saint John) River. The preserve was named by the Florenceville Elementary School because of the healthy population of **eagles** often seen flying over the island.

The **Green Island Nature Preserve** is an ecologically significant island, protecting 20 acres of wetland and woodland, which are home to various **species at risk**.

BIG CANOE PADDLE

JULY 2019

TIME: **TBD**

LOCATION: Neləkwənəkek Nature Preserve, Maugerville
COST: Free or "pay as you will" donation
DIFFICULTY LEVEL: Moderate, kid-friendly **(ages 10+)**

Explore the beautiful Middle Island and the Neləkwənəkek Nature Preserve by Big Canoe. We are looking for participants to help assist in the restoration of this preserve through the removal of invasive species, such as Purple Loosestrife, to protect the native wildlife that inhabits this preserve.

PARTICIPANTS SHOULD BRING:

- Appropriate work clothing;
- Water and snacks;
- Sunscreen and DEET free insect repellent;
- Dry bag;
- Work gloves (optional).

Space is limited, so please register in advance by visiting: **www.naturetrust.nb.ca.**

HOW TO GET HERE:

More details to come. The meeting location of the big canoe paddle and invasive species removal at the Neləkwənəkek Nature Preserve will be given to participants upon registration.

ABOUT THE PRESERVE:

The **Neləkwənəkek Nature Preserve** protects over 204 acres of Middle Island, which lies within the Wolastoq (Saint John) River near Maugerville.

This island has three **Provincially Significant Wetlands** in long open water marshes, most of them protected by the Nature Trust, and also protects a large number of **species at risk**.

PADI WOMEN'S DIVE DAY

SATURDAY, JULY 20, 2019
12:00 P.M. TO 3:00 P.M.

LOCATION: Connors Bros. Nature Preserve at Pea Point, Blacks Harbour
COST: Contact cojodiving@gmail.com
DIFFICULTY LEVEL: Hard, Scuba Diving Certification required

To celebrate exceptional women, we are collaborating with COJO Diving to host a PADI Women's Dive Day at the Connors Bros. Nature Preserve at Pea Point in Blacks Harbour.

Divers are welcome to explore the beautiful Bay of Fundy and help collect marine debris found under the water's surface. This event is taking place as part of the fourth Annual Great Fundy Coastal Cleanup.

The PADI Women's Dive Day began in 2015 and was created by PADI, the world's largest scuba diver training organization, as a way to encourage female participation in scuba diving.

Contact **cojodiving@gmail.com** for rental information and necessary materials for the dive.

HOW TO GET HERE:

More details to come. The meeting location of the PADI Women's Dive Day at Connors Bros. Nature Preserve at Pea Point will be given to participants upon registration.

ABOUT THE PRESERVE:

The **Connors Bros. Nature Preserve at Pea Point** protects roughly 100 acres and 2 km of coastline in Blacks Harbour. This nature preserve is an important site for numerous **shore birds** and **marine mammals.**

The preserve contains a maintained trail system open to the public to enjoy.

FROG WALKS AT HYLA PARK

THURSDAY, AUGUST **1,8,15,22,29,**2019
7:00 P.M. TO 8:00 P.M.

LOCATION: Hyla Park Nature Preserve, Fredericton
COST: Free or "pay as you will" donation
DIFFICULTY LEVEL: All levels, kid-friendly

Join us as we learn about the several amphibian species and wildlife that call Hyla Park home. Frog walks allow the respectful study of amphibians and their habitats, while also allowing for the exploration of the wetlands and all other biodiversity found there.

Due to the sensitivity of the several amphibian species found at Hyla Park, we ask that participants who wish to handle the amphibians to please avoid wearing sunscreen and insect repellant.

PARTICIPANTS SHOULD BRING:

- Rubber boots;
- Water;
- Bug net (optional).

All are welcome and encouraged to attend! Space is limited, so please register in advance by contacting our Engagement Assistant at **engage@ntnb.org.**

HOW TO GET HERE:

Hyla Park is accessible by car and by the Fredericton trail system. If driving, the preserve's gravel parking lot is located behind the Greenwood Drive United Baptist Church at **150 Greenwood Drive Fredericton, NB E3A 3V5**.

ABOUT THE PRESERVE:

The **Hyla Park Nature Preserve** protects 19 acres of wetlands and ponds that vary in size within the boundaries of the City of Fredericton. It is home to over **seven** different species of frog , **one** species of toad, **two** species of salamander, and **one** species of newt.

The preserve hosts **three** species of provincially rate plants and is the north-eastern limit of distribution for the **gray tree frog** *(Hyla versicolor)*. Hyla Park is leased to the Nature Trust through an agreement with the City of Fredericton.

COST: Free or "pay as you will" donation
DIFFICULTY LEVEL: All levels, kid-friendly

The Pea Point Gazebo Speaker Series is a Nature Trust volunteer led initiative, which welcomes speakers from all backgrounds to share the importance of the history of Blacks Harbour, conservation efforts in Charlotte County, and the relevance of industries in the area.

The August 17th session will proceed the Great Fundy Coastal Cleanup at the Pea Point Gazebo (time of event to be determined).

PARTICIPANTS SHOULD BRING:

- Hiking boots (should visitors decide to walk the preserve trails after the speaker series);
- Water;
- Sunscreen.

No registration required. For questions about the series, please contact our Engagement Coordinator at **cheyenne.currie@ntnb.org.**

HOW TO GET HERE:

Participants can access the gazebo on the Connors Bros. Nature Preserve at Pea Point, located at **500 Wallace Cove Road, Blacks Harbour, NB E5H 1H7**.

ABOUT THE PRESERVE:

The **Connors Bros. Nature Preserve at Pea Point** protects roughly 100 acres and 2 km of coastline in Blacks Harbour. This nature preserve is an important site for numerous **shore birds** and **marine mammals.**

The preserve contains a maintained trail system open to the public to enjoy.

INVASIVE SPECIES REMOVAL

SATURDAY, AUGUST 10, 2019
1:00 P.M. TO 3:00 P.M.

LOCATION: Connors Bros. Nature Preserve at Pea Point, Blacks Harbour
COST: Free
DIFFICULTY LEVEL: Moderate, kid-friendly **(ages 10+)**

To celebrate the first installment of the Pea Point Gazebo Speaker Series, our stewards and staff will be removing invasive species from the nature preserve. Lunch will be provided following the speaker series and before the invasive species removal begins.

Volunteers will help to remove Japanese knotweed from the preserve to protect the native wildlife that inhabits this preserve.

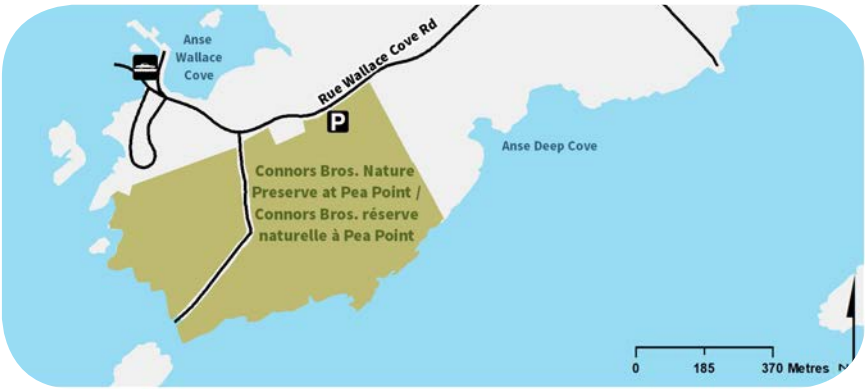
PARTICIPANTS SHOULD BRING:

- Appropriate work clothing;
- Closed toed shoes or hiking boots;
- Water and snacks;
- Sunscreen and DEET free insect repellent;
- Work gloves (optional).

Space is limited, so please register in advance by visiting: **www.naturetrust.nb.ca.**

HOW TO GET HERE:

Participants will be walking a short distance to the nature preserve from the gazebo, which is located at **500 Wallace Cove Road, Blacks Harbour, NB E5H 1H7**.



ABOUT THE PRESERVE:

The **Connors Bros. Nature Preserve at Pea Point** protects roughly 100 acres and 2 km of coastline in Blacks Harbour. This nature preserve is an important site for numerous **shore birds** and **marine mammals.**

The preserve contains a maintained trail system open to the public to enjoy.

GREAT FUNDY COASTAL CLEANUP

SATURDAY, AUGUST 17, 2019
VARIOUS TIMES AND LENGTHS

LOCATION: 20 locations in and around the Bay of Fundy, New Brunswick
COST: Free
DIFFICULTY LEVEL: All levels, kid-friendly

We are proud to present our fourth Annual Great Fundy Coastal Cleanup. Join us to explore undeveloped shorelines and remote islands and restore these areas through the removal of marine debris. This event will be held at **20 locations** in and around the Bay of Fundy, including St. Andrews, Grand Manan, St. George, Cape Enrage, and more.

PARTICIPANTS SHOULD BRING:

- Appropriate work clothing;
- Closed toed shoes or hiking boots;
- Water and snacks;
- Sunscreen and DEET free insect repellent;
- Work gloves (optional).

Contact our Engagement Coordinator, at **cheyenne.currie@ntnb.org** to find a site near you. For more information, visit **www.naturetrust.nb.ca** or follow us on social media.

COJO DIVE AGAINST DEBRIS

SATURDAY, AUGUST 17, 2019
12:00 P.M. TO 3:00 P.M.

LOCATION: Meredith Houseworth Memorial Seashore, Grand Manan
COST: Contact cojodiving@gmail.com
DIFFICULTY LEVEL: Hard, Scuba Diving Certification required

Join COJO Diving and the Nature Trust of New Brunswick at the Meredith Houseworth Memorial Seashore on Grand Manan for the second annual Dive Against Debris, as a part of the fourth Annual Great Fundy Coastal Cleanup.

Divers are welcome to explore this beautiful Grand Manan shoreline and help collect marine debris found under the water's surface, in order to help restore the ecological integrity of the area.

Interested participants are to contact COJO Diving, at **cojodiving@gmail.com** to register and to secure rental equipment (if needed).

HOW TO GET HERE:

More details to come. The meeting location of the COJO Dive Against Debris at the Meredith Houseworth Memorial Seashore will be given to participants upon registration.

ABOUT THE PRESERVE:

The **Meredith Houseworth Memorial Seashore and Conservation Easement** protects over 40 acres of cobbled beach, forest, and wetland, on Grand Manan that is home to great blue herons, spotted sandpipers and other wading birds.

The area is also a popular stopover for **migrating songbirds**.

GRAND OPENING

SATURDAY, SEPTEMBER 7, 2019
1:00 P.M. TO 3:00 P.M.

LOCATION: Dolan Woodlands Nature Preserve, Miramichi
COST: Free
DIFFICULTY LEVEL: All levels, kid-friendly

We are excited to welcome the Dolan Woodlands Nature Preserve to the network of Nature Trust protected areas in New Brunswick. Join board members, stewards, volunteers, staff and the land donors to celebrate the opening of this new nature preserve.

The event will begin with a grand opening speech and will be followed by an interpretive walk to showcase the significant ecological features of the preserve.

PARTICIPANTS SHOULD BRING:

- Appropriate work clothing;
- Closed toed shoes or hiking boots;
- Water and snacks;
- Sunscreen and DEET free insect repellent.

Space is limited, so please register in advance by visiting: **www.naturetrust.nb.ca.**

HOW TO GET HERE:

More details to come. The meeting location of the grand opening of the Dolan Woodlands Nature Preserve will be given to participants upon registration.

ABOUT THE PRESERVE:

The **Dolan Woodlands Nature Preserve** protects 41 acres of extensive wetland habitat, including forested wetlands, which provide habitat for many species of flora, like highbush cranberry, wild cucumber, and hawthorn.

Species like mallard ducks, moose, beaver, and **various species** of **birds** and **amphibians** call this preserve home.

GRAND OPENING

SATURDAY, SEPTEMBER 21, 2019
1:00 P.M. TO 3:00 P.M.

LOCATION: Warren Kent Coleman Nature Preserve, Keswick Ridge
COST: Free or "pay as you will" donation
DIFFICULTY LEVEL: All levels, kid-friendly

We are excited to welcome the Warren Kent Coleman Nature Preserve to the network of Nature Trust protected areas in New Brunswick. Join board members, stewards, volunteers, staff and the land donors to celebrate the opening of this nature preserve.

The event will begin with a grand opening speech and will be followed by an interpretive walk to showcase the significant ecological features of the preserve.

PARTICIPANTS SHOULD BRING:

- Appropriate work clothing;
- Closed toed shoes or hiking boots;
- Water and snacks;
- Sunscreen and DEET free insect repellent.

Space is limited, so please register in advance by visiting: **www.naturetrust.nb.ca.**

HOW TO GET HERE:

More details to come. The meeting location of the grand opening of the Warren Kent Coleman Nature Preserve will be given to participants upon registration.

ABOUT THE PRESERVE:

The Warren Kent Coleman Nature Preserve protects over 18 acres of forest and wetland habitat in the Keswick Ridge area.

This property has habitat for an important **species at risk** and is home to many species of flora, including black ash, elm, sugar maple, as well as many species of **wildlife**.

BOUNDARY MONITORING

SATURDAY, OCTOBER 5, 2019
1:00 P.M. TO 4:00 P.M.

LOCATION: Dolan Woodlands Nature Preserve, Miramichi
COST: Free
DIFFICULTY LEVEL: Moderate, kid-friendly **(ages 12+)**

Did you miss the Dolan Woodlands Grand Opening? Come out to the Boundary Monitoring workshop to discover our new addition in the Miramichi region. Participants will learn how to use a map and compass to locate the property boundary lines, proper techniques for finding old boundary evidence, and how to update current boundary markings.

PARTICIPANTS SHOULD BRING:

- Appropriate work clothing;
- Orange vest or hat (hunting season precaution);
- Closed toed shoes or hiking boots;
- Water and snacks;
- Sunscreen and DEET free insect repellent;
- Compass and notebook and pencil or pen (optional).

Space is limited, so please register in advance by visiting: **www.naturetrust.nb.ca.**

HOW TO GET HERE:

More details to come. The meeting location of the boundary monitoring workshop at the Dolan Woodlands Nature Preserve will be given to participants upon registration.

ABOUT THE PRESERVE:

ANNUAL GENERAL MEETING

SATURDAY, OCTOBER 19, 2019
1:00 P.M. TO 4:30 P.M.

LOCATION: Kingston Parish Hall and Long Island, Kennebecasis Bay
COST: Free
DIFFICULTY LEVEL: Moderate

Celebrate the 2018-19 Nature Trust conservation efforts by joining us at our Annual General Meeting and on a paddle to Long Island, where we will visit the Minister's Face Nature Preserve and hike the cliffside trails. The Annual General Meeting will take place from **1:00 p.m. to 2:00 p.m.** and the paddle and hike will take place from **2:00 p.m. to 4:30 p.m.**

There will be an approximately 6 km paddle to the preserve and the hike will require some bushwhacking.

PARTICIPANTS SHOULD BRING:

- Transportation (canoe or kayak) and PFD;
- Closed toed shoes or hiking boots;
- Water and snacks;
- Dry bag.

Registration for the paddle is required. To register for this event, visit: **www.naturetrust.nb.ca.**

HOW TO GET HERE:

Participants of both the Annual General Meeting and the paddle to Long Island are asked to meet staff and board members at the Kingston Parish Hall, located at **3946 Route 845, Kingston, New Brunswick E5N 1E9.**

ABOUT THE PRESERVE:

The Minister's Face Nature Preserve conserves over 370 acres of land on Long Island, in the Kennebecasis Bay. The cliffs of Minister's Face have been recognized as an Environmentally Significant Area due to the presence of habitat for rare arctic flora and is home to the peregrine falcon, a **species at risk** in New Brunswick.

The island is accessible by boat or kayak only.

JANUARY
2020

FULL MOON SNOWSHOE SERIES

FRIDAY, JANUARY 10, 2020
6:00 P.M. TO 7:30 P.M.

LOCATION: Ferris Street Forest and Wetland Nature Preserve, Fredericton
COST: Free or "pay as you will" donation
DIFFICULTY LEVEL: All levels, kid-friendly

You are invited to participate in our fifth annual Full Moon Snowshoe Series, hosted in partnership with GTFO Adventure Club. Join us as we explore the Ferris Street Forest and Wetland Nature Preserve by the light of the full moon, led by an expert Nature Trust leader and interpreter.

Free snowshoe rentals can be secured if you let us know at the time of your registration.

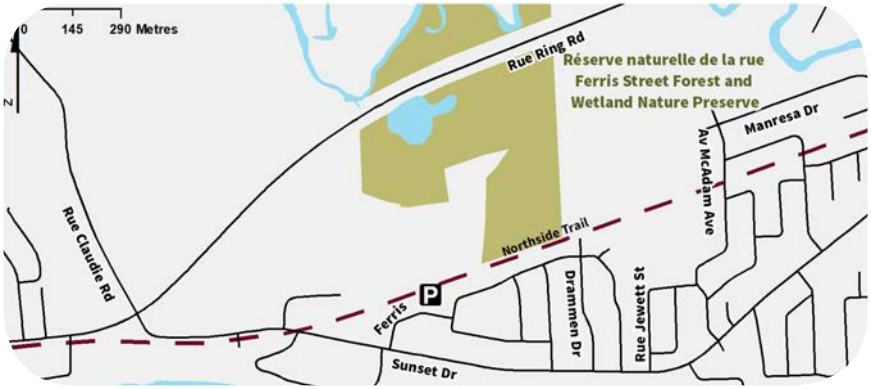
PARTICIPANTS SHOULD BRING:

- Snowshoes (if you have them);
- Appropriate winter clothing;
- Headlamp or flashlight;
- Water, coffee, tea, or hot chocolate.

All are welcome and encouraged to attend! Space is limited, so please register in advance by visiting: **www.naturetrust.nb.ca.**

HOW TO GET HERE:

Registered participants are asked to meet Nature Trust staff and GTFO members at **49 Ferris Street, Fredericton, NB E3A 5G2** in the parking lot which can be accessed by the Sunset U-Pick berry roads.



ABOUT THE PRESERVE:

The **Ferris Street Forest and Wetland Nature Preserve** protects 40 acres of forest and wetland ecosystems, which host an incredible diversity of wildlife, including a variety of bird, mammal, and amphibian species.

This nature preserve is home to a **well-established trail system** through for residents and visitors to enjoy.

FAMILY SNOWSHOE

SATURDAY, JANUARY 25, 2020
1:00 P.M. TO 3:00 P.M.

LOCATION: Blueberry Hill Nature Preserve, Grand Bay-Westfield
COST: Free or "pay as you will" donation
DIFFICULTY LEVEL: All levels, kid-friendly

You are invited to participate in the first installment of our **Family Snowshoe series**, taking place throughout Winter 2020. Join us as we explore the Blueberry Hill Nature Preserve, led by an expert Nature Trust leader and interpreter.

Free snowshoe rentals can be secured if you let us know at the time of your registration.

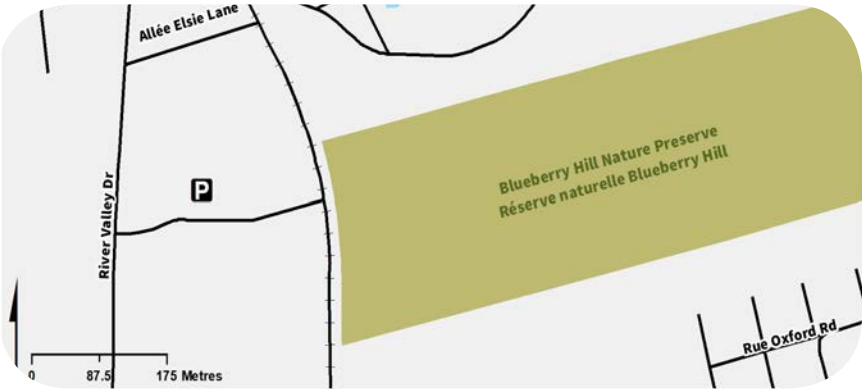
PARTICIPANTS SHOULD BRING:

- Snowshoes (if you have them);
- Appropriate winter clothing;
- Water, coffee, tea, or hot chocolate.

All are welcome and encouraged to attend! Space is limited, so please register in advance by visiting: **www.naturetrust.nb.ca.**

HOW TO GET HERE:

The parking area for the preserve is located at **3700 Westfield Road, Grand Bay-Westfield, NB E2M 7T4** and can be accessed from Bayview Road.



ABOUT THE PRESERVE:

The **Blueberry Hill Nature Preserve** is located within the Saint John city limits. This nature preserve is over 48 acres and has an easterly shoreline along the Wolastoq (Saint John) River at Grand Bay.

This nature preserve is one of the last undeveloped properties in the area and supports a variety of ecosystems, including a **large wetland** and **mature forest**, as well as walking trails.

FEBRUARY
2020

FULL MOON SNOWSHOE SERIES

SUNDAY, FEBRUARY 9, 2020
6:00 P.M. TO 7:30 P.M.

LOCATION: Slippery Mitten Nature Preserve, Central Hainesville
COST: Free or "pay as you will" donation
DIFFICULTY LEVEL: All levels, kid-friendly

You are invited to participate in our fifth annual Full Moon Snowshoe Series, hosted in partnership with GTFO Adventure Club. Join us as we explore the Slippery Mitten Nature Preserve by the light of the full moon, led by an expert Nature Trust leader and interpreter.

Free snowshoe rentals can be secured if you let us know at the time of your registration.

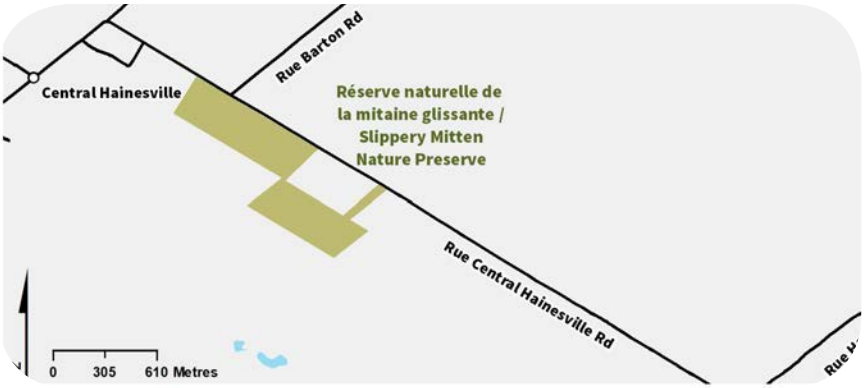
PARTICIPANTS SHOULD BRING:

- Snowshoes (if you have them);
- Appropriate winter clothing;
- Headlamp or flashlight;
- Water, coffee, tea, or hot chocolate.

All are welcome and encouraged to attend. Space is limited, so please register in advance by visiting: **www.naturetrust.nb.ca.**

HOW TO GET HERE:

Registered participants are asked to meet Nature Trust staff and GTFO members at the Slippery Mitten Nature Preserve entrance, located along **Central Hainesville Road, Central Hainesville, NB**.



ABOUT THE PRESERVE:

The **Slippery Mitten Nature Preserve** is made up of four parcels of land totaling 88 acres and includes part of a 10 km trail system, which is popular for hiking, cross country skiing, and snowshoeing.

This nature preserve is found within the **Valley Lowlands Ecoregion**, which is the largest of New Brunswick's ecoregions and is known for its ecological diversity, including **mixed-wood forest**, wetlands, and small streams.

FAMILY SNOWSHOE

SATURDAY, FEBRUARY 22, 2020
1:00 P.M. TO 3:00 P.M.

LOCATION: Caughey-Taylor Nature Preserve, Bocabec
COST: Free or "pay as you will" donation
DIFFICULTY LEVEL: All levels, kid-friendly

Strap on your snowshoes and join us at the second installment of our Family Snowshoe series. Join us as we explore the beautiful Caughey-Taylor Nature Preserve, led by an expert Nature Trust leader and interpreter.

Free snowshoe rentals can be secured if you let us know at the time of your registration.

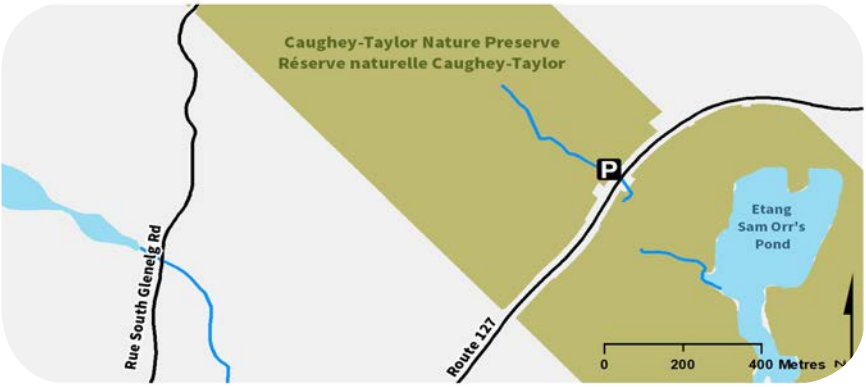
PARTICIPANTS SHOULD BRING:

- Snowshoes (if you have them);
- Appropriate winter clothing;
- Water, coffee, tea, or hot chocolate.

All are welcome and encouraged to attend. Space is limited, so please register in advance by visiting: **www.naturetrust.nb.ca.**

HOW TO GET HERE:

The parking lot for Caughey-Taylor is located near **5205 Route 127, Bocabec NB, E5B 3H4**. From St. Andrews take route 127 NB for 9.8km. The parking lot will be located on the left side of the road (look for the parking sign).



ABOUT THE PRESERVE:

The **Caughey-Taylor Nature Preserve** protects approximately 600 acres of biologically rich and diverse coastal habitat. This preserve encompasses the famous Sam Orr's Pond, a brackish pond created from glacial movements, and is home to many **rare plants** and animals found nowhere else in the region.

The hills surrounding Sam Orr's Pond contain a mixed-wood forest and the surrounding marsh supports populations of grasses and marsh plants.

MARCH
2020

FULL MOON SNOWSHOE SERIES

MONDAY, MARCH 9, 2020

LOCATION: Seymour Woodlands Nature Preserve, Estey's Bridge
COST: Free or "pay as you will" donation
DIFFICULTY LEVEL: All levels, kid-friendly

You are invited to participate in our fifth annual Full Moon Snowshoe Series, hosted in partnership with GTFO Adventure Club. Join us as we explore the Seymour Woodlands Nature Preserve by the light of the full moon, led by an expert Nature Trust leader and interpreter.

Free snowshoe rentals can be secured if you let us know at the time of your registration.

PARTICIPANTS SHOULD BRING:

- Snowshoes (if you have them);
- Appropriate winter clothing;
- Headlamp or flashlight;
- Water, coffee, tea, or hot chocolate.

All are welcome and encouraged to attend. Space is limited, so please register in advance by visiting: **www.naturetrust.nb.ca.**

HOW TO GET HERE:

More details to come. The meeting location of the full moon snowshoe at the Seymour Woodlands Nature Preserve will be given to participants upon registration.

ABOUT THE PRESERVE:

The **Seymour Woodlands Nature Preserve** protects 94.5 acres of regenerating forest habitat in York County. This preserve was donated in 2017 by Judith Seymour to keep this land, with deep ties to her family, protected forever.

Seymour Woodlands protects **Acadian forest habitat**, which provides a home to many species of wildlife.

FAMILY SNOWSHOE

SATURDAY, MARCH 21, 2020
1:00 P.M. TO 3:00 P.M.

LOCATION: Beardsley Hill Nature Preserve, Woodstock
COST: Free or "pay as you will" donation
DIFFICULTY LEVEL: All levels, kid-friendly

Strap on your snowshoes and join us at the third installment of our Family Snowshoe series. Join us as we explore the Beardsley Hill Nature Preserve and learn about the endangered Appalachian Hardwood Forest, led by an expert Nature Trust leader and interpreter.

Free snowshoe rentals can be secured if you let us know at the time of your registration.

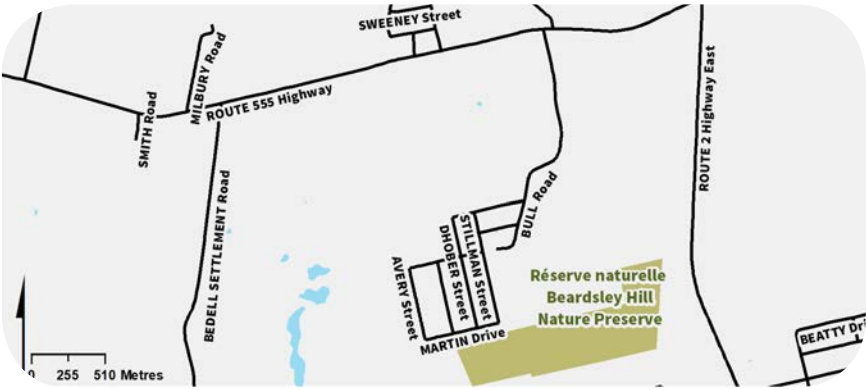
PARTICIPANTS SHOULD BRING:

- Snowshoes (if you have them);
- Appropriate winter clothing;
- Water, coffee, tea, or hot chocolate.

All are welcome and encouraged to attend. Space is limited, so please register in advance by visiting: **www.naturetrust.nb.ca.**

HOW TO GET HERE:

Registered participants are asked to meet Nature Trust and Meduxnekeag River Association staff at the corner of Avery St. and Martin Dr. at the top of the hill in the Bull Road subdivision.



ABOUT THE PRESERVE:

The Beardsley Hill Nature Preserve conserves a 35 acre piece of the endangered Appalachian Hardwood Forest type. The Appalachian Hardwood Forest, an increasingly **rare ecosystem** in New Brunswick, characterizes this preserve.

It includes examples of all the significant Appalachian Hardwood Forest tree species, and several rare and uncommon understory species.

TAYLOR
printing group inc.
THINKS **GREEN**

Print and paper have a great environmental story to tell. Paper is biodegradable, renewable and sustainable. Growing and harvesting trees provides jobs while sustainably-managed forests provide clean air, clean water, wildlife habitat and carbon storage.

A decline in the demand for paper products risks a decline in sustainably-managed re-growth forests. Use print, it is tangible, it is effective in getting your message across and when recycled, it will come back to us as paper or board.

At Taylor Printing Group, we believe that sharing ideas and working together with organizations like Bullfrog Power, Two Sides and NEPCon (FSC® certification) maintains our consistency and accountability to our environmental commitment.
